

**MECHA, MAIDENS, MONSTERS & MAYHEM!
THE ANIME INVASION HAS BEGUN!**

JAPANESE ANIMATION Catalog • SUMMER 1996

Hi!

Welcome to yet another A.D.Vision catalog! If you've been following A.D.V. over the last few years, you may have noticed from the size of this edition that we've been growing in size again and we hope that this new, expanded format will help you determine which of our many new titles will most interest you. If, on the other hand, you're new to the world of Japanese animation, we hope you'll find this catalog a useful introduction to the wild and amazing animated films that are generally referred to by the collective term "Anime". Please note, however, that no matter how much we'd like it to be, this catalog is far from complete. As the fastest-growing anime distributor in the western hemisphere, we're literally adding new titles to our upcoming release sheets every week, so don't be afraid to pester your favorite anime distributor for frequent updates on new A.D.Vision releases!

How to use this catalog:

This catalog is divided into three basic sections, each of which is identified by a color-coded bar as shown at right. To locate any section, simply look for the appropriate color bar on the outer-edge of each catalog page.

To find a video that's just right for you, we've developed an icon system to give you a quick "at-a-glance" rundown of the most pertinent points of interest for each individual video. Please note that, due to space limitations, not every video may be represented by ALL the icons it may be eligible for.

The absence of a given icon does not necessarily mean that a particular element is missing from a film, only that it is secondary to the ones that have been presented. Please read the synopsis listed under each video title for a more thorough description.

Upcoming Releases

Science Fiction

What if...? Science Fiction is all about what could be possible IF the right sort of events take place. Whether they're set next door or in a galaxy far, far away, the shows with this icon are intended to inspire your sense of wonder.

Mystery/Suspense

Shows with this icon are designed to keep you guessing! Is the crazed scientist with the blue hair really the one who's kidnapping all the fashion models... or was it the butler? Hmmm.

Fantasy

This icon means that anything can happen! From sword and sorcery to fairy tales with a twist, shows with this icon usually don't take reality too seriously... which doesn't necessarily mean that they're not serious!

Drama

Who says animation can't pull at your heartstrings? The characters in shows with this icon could win Academy Awards... if they were made of flesh and blood instead of cel-paint and vinyl.

Horror

Did you just hear something? There's nothing quite as creepy as sitting there, alone, wondering what could be lurking out there in the cold dark night. Is it a slimy, blood covered monster... or Aunt Edna? It's Aunt Edna! SHRIIEEEEEEEEEKKKK!

Action/Adventure

Pretty self-explanatory, right? Shows with this icon are fast paced, with lots of wild action scenes and stuff like that.

Mecha / Androids

Machines, spaceships, robots, androids... in a word, hardware! Mechanical stuff that looks really neat!

Mature Situations

Okay, if you see this icon it means that the subject matter is going to be a little "over the head" of the younger members of the family. Parental discretion may be advised.

Ninjas / Martial Arts

Hai-yah! Who needs a gun when there are lots of cool, old-fashioned ways to vanquish your enemies? Lots of swords and fisticuffs!

Babes with Swords

Yeah, this could be covered by Ninjas/Martial Arts, but, let's face it: A girl with a sword is something special. And no, we're not going to use that "broad-sword" joke from Princess Minerva. We're above that.

Babes with Guns

There's probably all sorts of Freudian undertones to this, but there's something about a woman with a weapon.

Babes in Armor

Forget swimsuits! Put a girl in a hard-end suit of body-armor (metal or kevlar) and our hearts start to melt.

Heroic Heroes

Fair-time rules mandate that we note that lots of our films do, in fact, feature noble heroes doing noble deeds. And there's also the guy in Dragon Knight.

Outer Space Adventures

Off we go, into the wild blueuuue yonder! Off we go... hey? Where did all those stars come from?

Adult

Okay, we're serious here. If you're under 18, we can't sell this to you, and you can't watch it even if your big brother buys it. It's for adults only. That probably means it's got lots of nudity and sex, but you're not gonna find out until you're old enough.

Monsters

Big. Slimy. Nasty. It doesn't matter if they've got tentacles or fangs or both. Monsters are cool. Huh huh huh.

School Girls

We're not sure why this category is here, but there do seem to be a lot of them in anime.

Comedy

This stuff's funny. Maybe not always funny "ha ha", but at least funny "ho ho." A little humor can spice up almost any genre, but a film with this icon goes from the sublime to the ridiculous.

Romance

Did she? Did he? They did??? Does her "ex" know? And what about the "other" woman?

From the creator of REI REI, Toshimitsu Shimizu, comes an elite group of pilots who all fight like women... because they are women! They're the 801st Tactical Training Squadron of Japan's Air Self Defense Force, and if these high-flying femmes spent half as much time focusing on the opposition as they do in fighting each other, they'd be the most feared jet jockeys in the history of aviation! The trouble starts as soon as Flight Maintenance Specialist Takuya Isurugi walks into the hanger housing the newly formed 801 Tactical Training Squadron. Not only does the squadron's mascot, a malicious little bat, immediately decide that Takuya doesn't belong; but exactly how does one ingratiate one's self with an entirely female flight squadron when you manage, in your first two minutes, to walk in on two completely naked pilots while holding their panties in your hand? To make matters worse, the naked pilots in question turn out to be arch-rivals Miyuki Haneda and Arisa Mitaka, top contenders for the title of "Ace of the 801st", both of whom quickly lock on the potential profitability of making a "preemptive strike" on the affections of the squadron's new maintenance officer! Faster than you can say "bombs away!", full scale aerialist-to-aerialist combat erupts with an unfortunate Takuya caught in the cross-hairs! Even disregarding the fire fight between the two heavenly aces, there are still the "minor" problems of senior officers who want to shut the squadron down altogether, a rash of mysterious mechanical malfunctions, and an all important aerial acrobatics test looming on the horizon. Will Isurugi and laid-back 1st Sgt. Sakura Saginomiya be able to get the fledgling Airbats off the ground? Will Sgt. Mitaka do anything to get to be the 801 T.T.S.' top gun? Will Sgt. Haeda be able to overcome her frustrating fear of flying? And will petite Sgt. Youko Shimorenjaku be able to break her pet bat of the habit of attacking young men? For the answer to these, and other questions, check out 801 T.T.S. AIRBATS!

They're creepy and they're kooky, but they're not THAT family. They're even weirder! They're the Abashiri family, kingpins of disorganized crime and the most dysfunctional family of criminals to ever perpetrate anti-social behavior on a global scale! So, just how bad are they? Let's just say that seasoned hit-men lose control of their bladders at the very mention of the name and that Mob Warfare has nothing on an Abashiri family quarrel! The most shocking thing, however, is not the Abashiris' nearly superhuman capabilities, nor their reputation for wanton, senseless violence, but the fact that they've built such international notoriety with a gang of only five members! Of course, as Papa Abashiri would say, "Five may not be many, but it takes only five fingers to form a fist, a powerful force that can crush all opposition!" "Of course" Papa also admits "Some fingers are more important than others, especially if you're pulling a trigger or flipping someone the bird." THE ABASHIRI FAMILY is the story of one such finger, the clan's sole daughter and aspiring thuggette. Being a mob princess is never easy, so Papa has decided to send the apple of his eye to a very special finishing school, one secretly run by a ruthless gang of arch-criminals. What Papa doesn't know is that the proprietors of this school for crime have no interest in graduating any of their students, most of whom seem to mysteriously succumb to fatal "accidents"! Can our young heroine fight her way out of this Finishing School of the Damned before she's finished off or will the Abashiri Family be looking for a new pinkie? The answer's to be found in the film that proves that the family that slays together, stays together: THE ABASHIRI FAMILY!

She is the Battle Angel; a Hunter-Warrior paid by "The Factory" to eliminate Scrap Iron City's most wanted and dangerous criminals. Raised by Cyber-Doctor Ido, who found her broken cyborg body in the rubble beneath the Sky city of Zalem, she has no memory of the past and an even more uncertain future. A pawn in a game played with living pieces, Gally finds herself set into motion against such foes as brutal spine thieves, the brain-eating gladiator Grewelcia, the sinister Mr. Vector and the beautiful but ruthless Dr. Chiren. The greatest threat of all, however, comes from Gally's own employers. Blue Seed Volume 3 ONLY CONTAINS BRIEF MILDY, VIOLENCE AND OBSCENE SITUATIONS. PARENTAL GUIDANCE SUGGESTED

An elite team of special agents faces off against an ancient race of creatures whose millennia-long attempt to enslave humanity has given rise to man's ancient legends of shape-shifting monsters and demons! This is the world of BLUE SEED, the incredible animated series that stunned Japan with spectacular sequences of nightmarish action and jaw-dropping visions of unearthly horror! For thousands of years the Aragami have been held in check by human sacrifices, but now the bonds have been broken and it's up to the agents of the TAC to take on mankind's oldest enemies, whose ability to mutate and control almost any living creature makes them the deadliest of adversaries! To combat an enemy who can attack anywhere, anytime, without notice will require the most talented agents from around the world and every resource modern civilization can provide; but the most dangerous weapons in the TAC's arsenal are two very special humans. Joining the agents in their battle are Momiji Fujimiya, a young teenager whose traumatic implantation with an unborn Aragami, a "blue seed", has left her with enhanced psychic abilities and Mamoru Kusanagi, orange skinned, cat-eyed former servant of the Aragami who rebels against the will of his masters to use his super-human powers to protect Momiji! The ultimate destiny of the planet Earth will be decided in BLUE SEED!

Maki, Reimi, Yuka.

They may not look like an ace crime fighting team, but that's because they're not! This explains why these lovely young ladies have been assigned to the traffic squad instead of something more "exciting". So when Maki's boyfriend Kenji and his partner Banba get the assignment of proving that influential businessman Samuel McCoy is actually the head of a White Slavery ring, our three heroines decide to launch a private investigation using their own luscious bodies as bait. Unfortunately, the plan backfires and poor Yuka ends up on the "Market" herself! With the rest of the police department paralyzed by conflicting orders from "higher up", Reimi and Maki launch a two-woman commando raid against the villain's heavily fortified estate in a desperate attempt to rescue their partner. Dressed in skin-tight body armor and packing enough firepower to level an entire city, Maki and Reimi are going to insure a hot time on the old town tonight, and the only way the bad guys are going to escape will be to jump out of the pan and into the fire!

When a Knight and a Dragon meet and fall in love, the result is Mink, a precocious young female who's half human, half dragon and all trouble! Exactly how much trouble? Well, in consideration of the fact that having vestigial wings and tail isn't a problem most teenage girls have to bear, one can perhaps cut our heroine a little slack, but when Mink insists on compounding her difficulties to infinite proportions by falling in love with handsome pop star and professional dragon slayer Dick Saucer, she really has put her heart before her head! Talk about problem dates! Will this turn out to be a love story where the hero really does get the girl... on the end of his sword? It's goofy, it's romantic, it's violent, and it's undeniably one of the strangest comedies ever animated. If your taste in love runs to the extremely weird, or if you just have a thing about girls who breathe fire, check out DRAGON HALF!

Dragon Knight
The Value that was the Age of Chivalry's Last Remnant

What do an enchanted sword, a dozen beautiful girls and an instant camera all have in common? They're all objects of lust for the most wayward Knight to ever set forth upon the road to high adventure! It's cold steel and hot babes as our morally impaired young hero must rescue the multiple damsels in distress imprisoned in an enchanted castle by an army of demons, pausing only for a quick click of his trusty camera's shutter as the young lasses struggle to cover their liliesome charms. Yea, the shining spirit of chivalry has never been so disgraced as by this knave in his endless search for fast gold and faster women... and yet, is it not possible to believe that even this rogue, this pillar of impropriety, might still discover the true meaning of the word "love", risking all his ill-got gains to save the life of the only woman who has ever been his friend? The tale will be told in the sublimely silly Sex, Sword and Sorcery romp, Dragon Knight!

When is a rug not a rug? When it's the gateway to another dimension of course! Unfortunately, magic carpets don't always come with labels, so when young Akihiro discovers the floor covering in question, all he can think about is how impressed his girlfriend Michiko will be by his new "necking pad". Akihiro's amorous intentions are abruptly shagged when, while fondling the deep plush pile, the cute, cuddly and very female sprite Malon pops into his hands! While this might seem like the ultimate in adolescent wish-fulfillment, the question quickly becomes not whether Akihiro is deserving of such "good fortune" but whether he will even survive the attention of **THE GIRL FROM PHANTASIA!** Swept into one predicament after another, Akihiro is faced with not only the mischievous Malon but also her ruthless magician-rival Roll, her combative elf-associates Short and Monbran, and worst of all, a very irritated Michiko! What a crewel fate! Keep in mind that this is only the most threadbare synopsis! It may not be a match made in Heaven, but we think you'll agree that **THE GIRL FROM PHANTASIA** is one of the most engaging romantic comedy-fantasies to ever unravel on film. Based upon the popular manga series, "Phantasia" by Akane Nagano.

What comes between a girl and her dragon? If she's Princess Luna, absolutely nothing! Of course, it's not that Luna's really all that crazy about Varga... after all, what can you do with a 200 ft. tall dinosaur with a really lethal case of bad breath? No, Luna's attachment is much more personal: you see, when Luna's castle was being attacked by an invading army, she accidentally invoked the ancient spell that summoned her land's ancestral protector, Varga, only to find herself stuck on the monster's forehead... permanently. This is one case where having all your troubles behind you is NOT such a good thing. On the rare occasions when there isn't an invading army at the palace gates, Varga can shrink himself down to a vestigial tall that only ruins the cut of Luna's cute little battle-dress. Still, between an army of invading demons, a giant sea serpent, a mad magician, a gluttonous general, an extremely ill-behaved barbarian berserker, and a whole slew of shape-changing soldiers, sorcerers and sidekicks, neither Luna nor Varga will have a moment to themselves for a long, long time.

In "Alimony Hunter" a chance encounter on the subway leads to a rather unusual three-for-all in which everyone gets what's coming to them; while in "SEEK", a heroic macho-adventurer in chain mail learns the joys of being on the receiving end of another kind of chain when he rescues a lovely young lass with a knack for subduing knavish knights!

If you thought the first COUNTDOWN was wild, you won't believe what goes on in COUNTDOWN CONTINUED, another great pair of twisted tales based upon the hit graphic series from Hiroyuki-Utatare! In the first installment, a nervous young bride-to-be has a last minute fling... In the back of the chapel waiting room with another woman! Next, a Samurai Policewoman and her sexually challenged giant robot must take on a giant walking statue controlled by a sex-crazed megalomaniac! In a mind-blowing spoof of Japanese animation classics that has to be seen to be disbelieved, the poor city of Tokyo gets totally trashed once more... but at least the bad guy really does get it in the end!

Using state of the art animation, "End of Summer" tells the story of one young man's relationship with five women in a frank and sensual manner seldom explored in even the most daring of live action films. Although the hero Wataru wants only to score with Mai, the girl of his dreams, he must first deal with four other young women scattered in his path like land mines: Infatuated and juvenile Miho, tomboyish, athletic Misa, naive Kurumi, and the caustic Satomi, who works in the restaurant where Wataru hangs out and whose personal life becomes hopelessly intertwined with Wataru's. The inevitable liaison between Satomi and Wataru sets a new standard in the rendering of animated erotica and may forever change the way animation is viewed in North America.

When Guy and Raina discover a seemingly abandoned spaceship, what looks to be a simple salvage operation turns into a nightmarish odyssey to the prison planet Geo, where the sadistic warden Helga has built an illegal Empire based upon white slavery and the illegal exploitation of convicts. But the worst is yet to come, for the sinister Dr. Vail is also resident of this forgotten penal colony, where he has been experimenting with a horrifying new de-evolutionary process that turns hapless inmates into inhuman monsters! The voracious appetites of Vail's creations and Helga's own bizarre tastes have transformed Geo into a literal hell; but the mad rulers of Geo have never crossed paths with someone like Guy before and by the time he's through with them, they'll know exactly what it's like to dare the devil!

Sweat soaked bodies wrap in passion as a doctor plots to murder her young ward; meanwhile, a young man endures the despair of unrequited love, unaware that the object of his desire is in love... with another woman. If these hardly seem like sources for high comedy, perhaps it's because you're not Kaguya, a strangely powerful being with the ability to manipulate the fabric of reality, an extremely perverse sense of humor, and a propensity for baring her breasts. A living manifestation of the Hand (or some other bodily portion) of Fate, those who fall under Kaguya's twisted spell will never be the same again... maybe not even the same gender! Graphic sex, violence and outrageous visuals merge with physical slapstick as Kaguya and her stumpy associate Pipi dispense their own brand of carnal justice with supernatural flair and more than a bit of exposed flesh. Bizarre worlds based on video games and anatomy are juxtaposed with our own and love conquers even death in the surreal world of Rei Rei.

Approximately 30 minutes

There are squealing tires and flying bullets galore in this second spectacular GUNSMITH CATS adventure, not to mention a deadly case of double jeopardy for our duo of dynamic damsels! When Jonathan Washington is brutally murdered, Rally and May find themselves pulled back into the gun-running case they thought they'd already cracked... and the situation gets worse when it turns out that the killer used Bill Collin's I.D.! Then the action hits the highway when May is kidnapped by a psychopathic Russian hit-woman and it's up to Rally and her trusty Shelby GT-500 to run them down! The streets of old Chicago are going to look like the aftermath of a demolition derby by the time Rally gets her girl in GUNSMITH CATS Chapter 2: Swing High!

Young Kintaro Oe's dream of becoming a computer programmer literally runs him over one morning when the gorgeous president of T.N.S. Software almost grinds him into the pavement with her Ferrari. Unfortunately, Kintaro and his new boss get off to a shaky start and our would-be computer whiz ends up debugging toilets instead of programs! But that's all right, Kintaro's happy enough just to be allowed to hang around the other T.N.S. employees... mainly because they're all young women and drop-dead beautiful to boot! It's a golden opportunity for any young man who knows how to handle a floppy disc, but can even a "golden boy" find the courage to stand up against T.N.S.'s man-eating senior executive? Kintaro's going to learn a lot about hard drives and software in the wildest office comedy ever, GOLDEN BOY!
